: Pietermaritzburg

Standard (STD)
Subject: SECTION : 4.00 - INCIDENT RECORDS AND CONTROLS
ELEMENT : 4.23 - INCIDENT RECALL

Protocol No	Author	Version No	Date Adopted	Replaces
423/2009	M. Govender/J Frohlich	005	16/09/2011	04/04/2009

Standard applies to: INCIDENT RECALL

<p>Incident (accident) recall will be beneficial to predict possible repetitive accidents. Supervisors will include a five minute safety talk as thought-starters to obtain reports on these incidents/accidents not necessarily associated with known injuries or losses but which have the potential for serious injury or property damage.</p>	
<p>4.23.1 INCIDENT RECALL :</p> <ul style="list-style-type: none"> ● Supervisors will be responsible for presenting incident recall talks/sessions. ● Such SHE talks will be used to generate discussion and learning. (Including off-the-job incidents). ● Previous incidents will be reviewed. (Causes and preventative action). ● Appropriate case studies or practical exhibits will be available and used. ● All incidents are discussed at Risk Management Committee meetings. ● Incidents are recalled and discussed at regular staff meetings. 	

DELEGATION OF RESPONSIBILITY: All premises will be divided into specific areas and delegated to the S.H.E. Representatives in writing. Facilities Management is responsible for maintaining this standard.
